PAYMENT POLICY UPDATES

Date: February 19, 2025

Wellcare reviews all clinical policies at least annually. This review is done to ensure medical necessity review criteria is current and appropriate for members and the scope of the services. On a quarterly basis, prior to updates, clinical policies are reviewed and approved by the *National Medicare Quality Improvement & Management Committee (QI/UMC)*.

All new policies and policies with updates may be found on our [Medical Clinical Policy Updates](#) page. The full list of policies may be found on the [Medical Clinical Policies](#) page.

Please reach out to your [Provider Engagement Administrator](#) if you have any questions.
